

## A Ray of Hope

For the hopeless you provided hope  
Brought help to those who couldn't cope  
A friendly face to the grieving mothers  
And joy to children all around  
To bring comfort to Damilola Taylors Family  
You worked tirelessly after the tragedy  
Partnered with Harriet Harman and the Met  
You worked right up until your death  
Appearances on TV and community praise  
Years spent working towards better days.  
You showed me hope for the community  
And never to give up hope  
If you try you will succeed  
Never truer words were spoke.
